Ground Floor - beautiful apartment - 100% refurbished

Located in one of the most desirable areas of Vilamoura is this bright and cheerful 3 bedroom apartment. Located on the ground floor with a sizable terrace there is direct access to the plentiful grassed area and large communal pool. The condominium is well maintained. The apartment would particularly appeal to families or those wishing to avoid too many steps! A ground floor apartment is also a great rental option.

The apartment is as 'good as new' following a full 100% refurbishment including electricity, plumbing, flooring, windows and doors. Air conditioning has been installed in all bedrooms and the lounge. Benefitting from an open plan lounge/kitchen the new kitchen is fully complete with new Bosch appliances. The owners have used excellent quality finishings and have incorporated a small breakfast area.
