One plus one bed apartment walking distance from the Marina

This is a beautiful and spacious one plus one bedroom apartment, loved and cared for. The apartment is located in a good closed condominium with swimming pool, underground parking and green areas in a very peaceful area of Vilamoura, but within walking distance to the busy marina with all it has to offer. The apartment has a very large open plan kitchen, fully equipped. The bedrooms are a good size and has fitted in wardrobes. The lounge has access to a nice terrace facing the swimming pool and green areas and with its beige tiled flooring it is very airy and light. The terrace is a good size and perfect to enjoy the sun while sipping your favourite summer drink. The apartment has air-conditioning, one parking space in the underground garage and a storage room. Located on the 2nd and last floor of the building, the property has good privacy and easy access; a perfect holiday home or investment.
