Fantastic opportunity - 4 bedroom villa in Old Village, Vilamoura

This is 4 bedroom villa with swimming pool located in the Old Village, Vilamoura. Set in a cul-de-sac in a quiet residential area, the villa is built on three levels, with the lounge, kitchen and a social bathroom on the ground floor, 3 bedrooms and two bathrooms on the first floor, the garage, the 4th bedroom and a kitchenette and a storage room in the basement. The property is close to all amenities and walking distance to a mini market, shops and cafés. It is in liveable condition, but needs love and care or total refurbishment if wanted. The lounge and dining area is spacious and has patio windows to a wooden deck next to the swimming pool. The garden is small, but mature and there is a possibility to also buy the plot of land next door. The garage is for one car, but there is plenty of parking space on the quiet street. This could be a fantastic home and investment, as it is in a sought after area by residents and tourists alike and at a great price.
