Unique and Stunning Lakeside Property/ Tourism Project

In somewhat of a fairy tale location we have this delightful property that has glorious views over the lake. A once in a lifetime opportunity to purchase a villa that was built in 1988 by the current owner. With nooks and crannies around every corner, the property has lovely features including its own tower. Several outbuildings have been utilised to provide additional accommodation. In an area of natural beauty covering 115250 sqm of land with trees, flowers and shrubs. It is now impossible to build any further properties like this next to the lake.

Access to the lake is down a simple pathway - enchanting and delightful.

As regards the main house it has 3 ensuite bedrooms. In addition to this there are three apartments, all with bathrooms. Finally there is a detached cottage with 2 bedrooms/bathroom.
