Beautiful top quality 3 bed Sea view villa Boliqueime

Here we have a stunning renovated sea view villa just outside the lovely Village of Boliqueime. As you enter the villa you will walk through to the highly impressive open plan kitchen / dining area with beautiful central fireplace feature. The kitchen is brand new, and fully fitted with Bosch appliances, double oven and induction hobs. From the kitchen you have access onto the terrace area, with BBQ area, Jacuzzi, and swimming pool. One of the three en suite bedrooms is also on the ground floor. Upstairs are two further large en suite bedrooms, each with terrace areas and stunning sea views. Under floor heating, and air conditioning throughout. The current owners have renovated this property to a very high modern specification, but have been sure to be sympathetic to some of the beautiful traditional features.
