Wonderfully modernised Villa in popular residential area

Wonderfully modernised semi detached villa in popular residential area with great amenities close by. Located close to the centre of Boliqueime village and numerous popular supermarkets, this villa offers a terrific balance between residential living and accessibility to all the local services.

The current owner has made some excellent additions to this very attractive property. A large high ceiling makes for a grand entrance with modern and tasteful decor throughout the property and a useful storage cupboard and entrance to the garage. From the entrance a long corridor leads towards the large lounge/dining room area and past the social bathroom. Also the fabulously renovated kitchen is very contemporary with excellent facilities and stunning glass doors which lead to the outdoor terrace. The large open plan lounge/dining room is in keeping with the rest of the immaculate property and offers views out to the extensive garden and pool areas.
