### One of the Last Remaining Plots in Vila Sol - Close to Clubhouse and Cafe/Restaurants

Vila Sol is one of the most popular and desired locations in the Algarve. With a wonderful mix of residents and holiday makers the Vila Sol Resort offers a top-class quality of life with the championship 27-hole golf course - made famous by Sir Bobby Robson, a five-star hotel, 24-hour security patrols, supermarket, cafes and several excellent restaurants. Prices have risen here as demand has outstripped supply and this has meant less choice for clients looking to live here. Often, we are asked if we have a plot for sale where clients can build their own villa and make some money while doing so. It's like looking for a needle in a haystack until now! We have now secured a wonderful plot with an outline agreement for construction (Vila Sol Criteria). The owner was planning to build a villa and due to a change in circumstances a new owner can step in and take over.

The plot is located on the busier side of Vila Sol just a short walk to the main commercial hub. Late
