Gorgeous apartment overlooking the beach with magnificent views

This delightful beach apartment is the stuff of dreams! Located at Meia Praia in Lagos, literally a hop skip and a jump to the sand and sea, enjoying the most magnificent sea views. Truly a million dollar view and a perfect location! South and west facing with an additional balcony off the master bedroom which is east facing for morning sun and views to Alvor and Lagos Bay. The 2 bedroom, 2 bathroom apartment on the first floor was fully renovated in 2023, with great care and attention to detail. It has a cosy living room with Fogo Montanha log burner, opening to a spacious terrace to be enjoyed all year, for lounging or al-fresco dining, enjoying a glass or to with friends, with awning for additional shade and a clever windbreak to make a winter garden or conservatory for those rare stormy days. There is a semi open plan, very spacious kitchen, fully fitted and equipped with a large pantry / store cupboard.
