Elegant and Stylish Living – Spacious One Bedroom Apartments in Faro

Located in the heart of Faro, this newly built residential project offers contemporary urban living, blending comfort, thoughtful design, and outstanding energy efficiency. Just steps from the marina, the historic city centre, and key transport links, it provides a privileged lifestyle in one of the Algarve's most vibrant coastal destinations.

The development features a collection of well-appointed one, two, and three bedroom apartments, all designed with open-plan layouts, large balconies, and premium-quality finishes. Among them, the spacious one bedroom apartment stands out, offering approximately 91 m² of internal living space. The seamless integration of the living, dining, and kitchen areas creates a bright and welcoming atmosphere, while two generous balconies extend the living space outdoors—ideal for relaxing or entertaining under the Algarve sun.
