Exceptional 2+1 ground floor apartment renovated to very high standard in Palmyra on Vila Sol

Located within the secure gated Palmyra condominium in Vila Sol, Vilamoura, this fully refurbished 2+1 ground floor residence presents an attractive investment opportunity in one of the Algarve's most established and sought-after resort destinations.

Renovated to an exceptionally high standard in 2024, the property combines modern design, strong rental appeal and versatile accommodation. The open-plan living and dining area opens through new double-glazed doors onto an extended terrace with direct access to the landscaped gardens and communal pool, creating an appealing setting for both holiday and longer-term rental use. The contemporary kitchen is fully equipped with BOSCH appliances, a Bora induction hob, American fridge and wine fridge, while sliding in-wall doors provide flexibility between open-plan living and a more private kitchen environment. The renovation cleverly blocked off one kitchen entrance to make a more versatile and spacious kitchen area.
